About the Camp

In this camp we will accommodate the beginner, the intermediate, and the more advanced players for a week of intense and enjoyable training.

Following the Brazilian philosophy, the fundamentals of the sport are highly emphasized (i.e. dribbling, passing, receiving, finishing, heading, etc).

Also, the players will be instructed on how to improve their speed, quickness, agility, and aggressiveness. To complement our method, small-sided games are extensively used to give players an opportunity to apply the lessons learned in a game situation scenario, and so develop better awareness of the game.

Boys and girls regardless their skill level or experience are welcome. Participants will be grouped according their age, needs and abilities. Goalkeepers will have specific training during the course of the week.
