

This directory is designed to assist you in knowing which general dentists and specialists in your area are participating in the DeltaPreferred Option network. The providers are listed in alphabetical order, by county, within Kentucky. Specialists are listed with a specialty identifier after their name. By using these network providers, you will realize many benefits:

- These providers have agreed to accept our allowable amounts as payment in full for covered services. You pay only deductible, coinsurance, and fees for non-covered services.
- All claims will be filed for you.
- Credentials of network providers have been reviewed; however, we do not guarantee the performance or quality of work of any provider.

IMPORTANT!

If you receive care from providers who do not participate in the DeltaPreferred Option network, benefit levels are reduced, and therefore your out-of-pocket expenses may be significantly higher.

Providers listed in this directory may change; new providers may be added and some may leave. If you are unsure about their status, call our Customer Service Department at 800/955-2030. Visit our website at www.deltadentalky.com.
